

Khaled Wadi

JUNIOR SOFTWARE DEVELOPER | ICT SUPPORT

Den Haag, Netherlands | +31 6 43733706
khaledwadi747@gmail.com

PROFILE

I am a curious, solution-oriented person who enjoys understanding how things work and turning problems into practical solutions. I learn quickly, work carefully and stay calm when something needs to be figured out. I enjoy working with others, but I am also comfortable taking responsibility and working independently. I am naturally interested in technology and like challenging myself, learning new things and continuously improving the way I work.

TECHNICAL SKILLS

Programming & Web: HTML, CSS, JavaScript, PHP, SQL

Tools & Platforms: Git, GitHub, Bootstrap, Microsoft 365, TOPdesk

Data & Systems: MySQL, SQL Server (basic), Windows Server, networking fundamentals

IT Support: Laptop and software troubleshooting, end-user support, incident handling

PROFESSIONAL QUALITIES

Problem Solving | Analytical Thinking | User-Centered Mindset | Collaboration | Learning Agility | Ownership

EXPERIENCE

360Fabriek | UI/UX Designer, Rotterdam

Sep 2025 - Apr 2026

- Designed UI/UX for 360Models, a 3D asset management and product configurator platform.
